

Regional seminars in Peru
Universidad Nacional de Ingeniería
Centro de Tecnologías de Información y Comunicaciones

On Thursday November 4th, 2010, at the CTIC Auditorium, the regional coordinators: Eng. Jose Oliden with the participation of Eng Roxana Moran, presented the Basis of the contest. The MSc Hector Bedon talked about concepts and cases of Nanosatellites Constellations. Webex Technology was used for Mr Bedon presentation who is in Spain with his doctoral studies. This technology helped participants who were short of time for going to the University. The coordination of the event was provided by Eng.Margarita Mondragon. The lecturers invited the participants to prepare their Abstracts with their ideas under the rules proposed by Axelspace. Also they were required to take into account the difference time between Japan and Peru, considering that there are 14 hours of difference. Japan Due Date: December 20th, 2010, equivalent to Peru : December 19th, 6:00 pm (Japan: Dec.20th 8:00 am).

It's important to mention that the Second Secretary of the Japanese Embassy in Peru, Mr. Shinya Fujiwara was one of the participants in the auditorium. He as well as the other participants were taking notes during the presentation showing they were interested on the contest and the end he share some minutes with the lectures of the Chasqui Team.

Aproximately sixty persons attended the seminar.

Best regards,
Peruvian Regional Cordinators
